Definitions:

Living quarter= dwelling

Living quarters are structurally separate and independent places of abode. They may
(a) have been constructed, built, converted or arranged for human habitation
(b) although not intended for habitation but used for such a purpose at the time of the census
According to census term, this is dwelling which are places used for residential purpose.

Living quarters are either housing units or collective living quarters.

Housing units

A housing unit is a dwelling intended for habitation by a single/multiple household, or one not intended but occupied as a living quarter by a household at the time of the census.

Housing units include: Dwelling occupied by a household in house/flat/apartments, households living in boats and other mobile units and household living in buildings not intended for human habitation

Collective living quarters

These are dwellings intended for habitation of large groups of individuals or households. Such quarters usually have certain common facilities such as cooking and toilet installations, baths, lounge rooms or dormitories, which are shared by the occupants.
